Dear Families,

We want to inform you that the **deadline for Reauthorization Applications has been extended by two weeks**. The new deadline is now **September 30th at 5:00 PM**. This extension is to allow additional time for families to receive support from our Family Access and Support (FAS) Team.

We understand that completing the reauthorization application can take time, and some families have found it challenging. **Please don't wait**— give yourself enough time to complete your application, request your **WCCC denial letter** if needed, and reach out for any support you may need.

What You Need to Know:

NEW DEADLINE IS SEPTEMBER 30th, 2024 @5pm

If your household income is at or below 60% SMI, please include a **WCCC denial letter** with your application or add separately using the family portal or with help from our team. You can still begin your reauthorization application with Best Starts even if you're waiting for your WCCC denial letter.

Our Family Access and Support Team is here to help you with the application process and any required documents. Please contact them if you need assistance.
